No Vet Goes Hungry Program

While food price increases have declined to 3.6% for the last year the continues to be financial pressure for Tucson vets and families in need. There is no reprieve from their difficult situations. As such, VFW Post 549 of Tucson Charities is extending its successful program “No Vet Goes Hungry” thru 2024. The objective will be to continue to work in conjunction with local relief agencies and military service organizations to see that sufficient food is available for less fortunate vets and their families in the Tucson/Pima County area. To ensure that the food reaches the greatest mix of individuals, the distribution of relief will be thru multiple channels. The actions planned are: direct contribution to individuals, contributions to relief organizations and meal events organized and sponsored by VFW Post 549 Charities of Tucson.

The program has been funded in part by the Arizona Department of Veterans' Services, as made available through the Arizona Veterans' Donations Fund. Additionally, individuals and commercial organizations are invited to contribute to this program. VFW Post 549 Charities of Tucson is a 501c3 organization, and is qualified as an Arizona QCO (#22235).

Donations can be submitted to:
